INDUSTRIAL SEWING EQUIPMENT

New and Improved 300UX7 is the best 300U head available on the market today. Significant design improvements reduce internal parts usage and make it more reliable & productive than the competition.

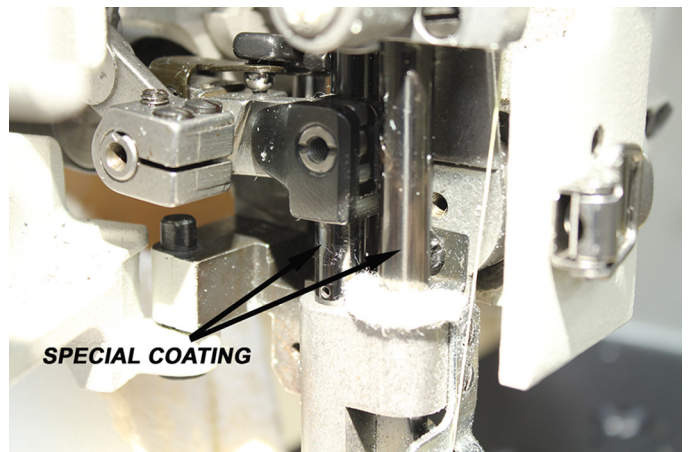

US300UX7 Design Improvements

- Self lubricating bushings added to the needle bar rock frame for increased stability, strength and longevity without the use of oil.
- Increased the eccentric of needle bar crank for higher capacity.
- Lifting foot made thinner to avoid contact between needle bar and foot when sewing heavy material.
